ROYAL STONES

Royal Stones offers a wide range of quality decorative stones intended for both interior and exterior applications. Manufactured in CANADA in our ultra modern facilities, our stones replicate the look and appearance of a natural stone at a fraction of the cost.

Our superior manufacturing technology allows us to obtain consistent colouring results and superior quality. In addition, our products have excellent resistance to the freeze/thaw cycles typical of the harshest climates. We manufacture to the highest standards which is why we offer a 50-year warranty on the products when installed in accordance to the recommended installation procedure.

No matter what type of project you have in mind, the Royal Stones' team will be able to help you get it done. Our professionals can explain the characteristics of the products in detail, as well as their most common uses and the type of installation required, while taking your specific needs and design features into account.

DECORATIVE STONE

Our decorative stones are ideal for new construction or renovation projects. Their shape and texture accompanied by our manual colouring technique replicate natural stones flawlessly.

Installation does not require any support ledge as the products lightweight and versatility makes it able to be installed over any sound surface without any structure modification.

With our premium selection of modern and rustic stone products all that's left to you is to choose the style that best suits your needs.
